

You are an enthusiastic professional with excellent soft skills looking to prove these whilst working for one of the leading providers for Direct Carrier Billing? Take a leap and experience how a mobile device turns into a progressive payment instrument for online and physical goods, such as e-publishing, video on demand, online gaming, digital music or ticketing. Direct Carrier Billing meanwhile ranks as the top number three payment option at Facebook and is a vital and irreplaceable part of today's mobile payment landscape.

DIMOCO Carrier Billing is a regulated payment institute, holds a payment services act license granted by the Austrian Financial Market Authority and enables over 1.5 billion people to purchase goods and services from content providers through their mobile devices.

Our international team, shaped by 20+ nationalities, offers space to add your personal note, combined with direct responsibility and ownership of your projects. Flexible working hours support your work live balance. You are just the person we are looking for if you want to become a vital part of our young, motivated and entrepreneurial team in a modern environment!

Due to the growing demands of our services we are now recruiting a

Student Java Developer (f/m/d) (Part-time Trainee Program)

About the opportunity & your mission:

At DIMOCO you will design the future of technology through inspiring projects and be a part of an organization that values continuous learning. You will be part of a team of software engineers with different levels of experience who are passionate about their work and create with it the right environment for working and learning.

We are looking for talented Junior Software Developers who are motivated to learn and be part of exciting and challenging field.

Upon a successful completion of the program you have the possibility to move into a permanent working contract and continue the work in our exciting domain.

About our project:

We are building a microservices based payment platform. You will take part in designing the mobile future and contribute actively in all aspects of software development. We operate in a fast-growing environment and we are building a healthy, balanced team structure from Junior to Senior level. As a Junior you will find safe environment at DIMOCO and learn a lot from working with senior colleagues.

Do you appreciate short decision paths, a young, dynamic environment and technical challenges? Then we would like to get to know you!

You will be trusted with:

- Developing our JAVA-based payment platform
- Be part of our active team; cooperate to establish modern, agile software processes
- Understanding client requirements and user stories and how they translate in application features
- Work on projects within a team and get supported by experienced software developers
- Become a part of our development process (based on Scrum)

What we look for:

- Ambitious students, who want to become professional Software Developers
- Enrolled students in Computer Science or related fields
- Some understanding of software development lifecycle
- Proficiency in Java is a plus (Practical knowledge of object-oriented design principles and testing practices are advantageous)
- Students, who are eager to learn about new technologies and platforms
- Cooperative, team-oriented approach with openness for new things, high quality standards
- Very good English knowledge (spoken and written)

You will enjoy:

- A challenging and international career
- Practical experience in the highly complex, growing and trend-setting mobile payment industry
- Flexible working hours and a pleasant, relaxed working atmosphere with a flat hierarchy
- Performance driven team spirit and self-motivated working environment – passion and creativity are the drivers in our company
- Comprehensive training on our products and systems in special designed onboarding workshops, as well as a DIMOCO Tutor as an entry aid
- At DIMOCO we attach great importance to further training (e.g. Udemy and O'Reilly accesses)
- Great employee events
- Modern office located on campus 21 (Brunn am Gebirge) with free shuttle bus from and to Vienna

For legal reasons we have to indicate the gross annual salary which starts at € 26.460 according to our collective agreement. We are ready and willing to offer you far more than the starting figure, depending on your professional experience and qualifications.

One application – a billion opportunities!

We look forward to receiving your online application: dimoco.eu/contact-form-career/
