

You are an enthusiastic professional with excellent soft skills looking to prove these whilst working for one of the leading providers for Direct Carrier Billing? Take a leap and experience how a mobile device turns into a progressive payment instrument for online and physical goods, such as e-publishing, video on demand, online gaming, digital music or ticketing. Direct Carrier Billing meanwhile ranks as the top number three payment option at Facebook and is a vital and irreplaceable part of today's mobile payment landscape.

DIMOCO Carrier Billing is a regulated payment institute, holds a payment services act license granted by the Austrian Financial Market Authority and enables over 1.5 billion people to purchase goods and services from content providers through their mobile devices.

Our international team, shaped by 20+ nationalities, offers space to add your personal note, combined with direct responsibility and ownership of your projects. Flexible working hours support your work live balance. You are just the person we are looking for if you want to become a vital part of our young, motivated and entrepreneurial team in a modern environment!

We are now recruiting an experienced and communicative

Head of IT Development (f/m/d)

With Scrum Master Skills

Your mission:

As Head of IT Development, you will be responsible for a dedicated team of technical experts, contribute your experience in technical project management in an agile environment and thus make a significant contribution to the further development of DIMOCO's IT landscape.

With your experience as a developer you will be part of designing the mobile future and will play an important role in all aspects of software development.

Do you appreciate short decision paths, a young, dynamic environment and technical challenges? Would you like to develop your skills even further? Then we would like to get to know you!

You will be trusted with:

- Manage several SCRUM development teams and develop the skills and talents within the department
- Inspire and empower teams through leadership, mentorship, coaching and self-development
- Define the process setup of all development teams in strong collaboration with internal stakeholders und Product Owners
- Plan, monitor and steer topics of the company strategy and be a good counterpart in defining the roadmap planning

- Understanding business requirements and user stories and how to translate them into development tasks and software features
- Evaluation und implementation of new technologies
- Budget responsibility for your department

Desired Skills:

- Be a passionate strong leader who forms and assists the development teams to reach the goals (high team orientation)
- Demonstrate very good communication skills with excellent English knowledge
- Several years of experience in implementing software-architecture frameworks for maintainable and high availability platforms with distributed teams
- Convince us with your solution and implementation strength and resilience
- An open mindset for new things, high quality standards and true service orientation including cooperation
- Combine technical project management with agile environment SCRUM-Framework including the project controlling of your tasks
- You love to work very independently with a clear vision of the development solutions and results
- Your experience beneficially includes following:
 - Agile process models (Scrum, TDD, etc.)
 - Atlassian Tools (JIRA, Confluence, Bamboo)
 - Source Code Management (GIT, SVN) mandatory and Build Chain Tools (Bamboo, Sonar) experience
 - Several years' experience in JAVA EE (minimum JAVA 8)
 - Experience with Hibernate, Spring, SPRING Boot, JDBC, HTML, HTTP, REST und CSS is beneficial
 - Solid understanding of database programming (ER modelling, SQL); Especially SQL, Redis or Kafka knowledge is beneficial

What makes us an attractive employer?

- A challenging and international career
- Being part of the leadership-team
- Practical experience in the highly complex, growing and trend-setting mobile payment industry
- Flexible working hours, Homeoffice-opportunities, and a pleasant, relaxed working atmosphere with a flat hierarchy
- Performance driven team spirit and self-motivated working environment – passion and creativity are the drivers in our company
- Comprehensive training on our products and systems in special designed onboarding workshops, as well as a DIMOCO Buddy as an entry aid
- At DIMOCO we attach great importance to further training (e.g. Udemy or O'Reilly accesses)
- Employee events
- Modern office located on campus 21 (Brunn am Gebirge) with free shuttle bus from and to Vienna (Siebenhirten)
- An annual gross salary starting with € 80.000,- with the willingness to overpay depending on professional experience and qualification

One application – a billion opportunities!
